LOYALTY

Being an independent publication means we are a trusted resource among our readers. What better place to showcase your company?

EXTENDED EXPOSURE

CODE Magazine is a reference tool that developers keep and revisit again and again, keeping your company foremost in readers' minds.

Our Mission:

CODE Magazine is an independent technology publication for today's software developers. Our in-depth content is written by professional developers who have real-world experience with the topics they write about.

Our mission is to provide an intelligent and authoritative filter for the flood of information about established and emerging technologies and developer tools. We have an obligation to our readers to provide instructional, informative, and lasting information through state-of-the-art, detailed, practical and application articles that our readers can refer to again and again.

With our broad reach into the software development community through a base of loyal subscribers, webpage visitors, conferences, and user groups, *CODE Magazine* provides our advertisers with a cost-effective, valuable and yet simple vehicle by which to promote their products and services.

Our Audience:
